

HOW TO CHOOSE THE RIGHT CLEANING COMPANY

You get what you pay for

Here are some pointers:

#1 Choosing a company based on price alone doesn't always get you the best or cleanest carpets. The truth is, you get what you pay for. The lowest price usually gets you inexpensive equipment, lowest cost cleaning products, underpaid and inexperienced personnel, which makes it less likely that the work will improve the condition of your carpets.

#2 What is the best method for your home? The different methods all have good points and bad points. According to leading carpet manufacturers, truck mount steam extraction is the best choice, extracting dust mites, pollens, bacteria, and soil from your home and improving air quality. Expect drying time to be 3-6 hours depending on humidity conditions, carpet density, air circulation, and degree of soiling.

#3 Our technicians are trained and certified by the IICRC – The Institute of Inspection, Cleaning and Restoration Certification. I guarantee my technicians will follow the industry standards for all work performed at your home or business.

#4 Industry standards Is your cleaner following standards. One helpful tip Do they **Thoroughly vacuum your carpets before they clean.** If not they are not following industry standards.
